MEET THE JUDGES

Selecting the final 50 Over 50 from more than 10,000 nominations is a formidable one. So we relied on the collective wisdom of three iconic gender equity advocates who represent the top-tier of impact investing, high fashion and entrepreneurship to help determine the final list.

Andrea Jung

As the CEO of Avon from 1999 to 2012, Jung was a perennial listee on the Forbes list of the World's 100 Most Powerful Women. Now the president and CEO of Grameen, the 61-year-old wields her influence in a different sphere: microfinance.

WOMEN OVER 50 WHO...

After combing through more than 10,000 nominations to determine our inaugural 50 Over 50, we knew we couldn't let the story end there. To that end, over the course of this summer, we'll be releasing three spotlight lists of women over 50 who are making an impact on the world; who are technological and artistic visionaries; and who are financial rainmakers. The first of these lists launches in July.
